

# FLOS

## 265 Small, Chromatica - Specification Sheet by Paolo Rizzatto, 2022

Mounting	Wall
Lamp (Bulb) Description	1 x 9W LED A19 2700K E26 120V DIMMABLE (Not Included)
Environment	Indoor - Dry Location
Finish	Chromatica
Technical and Product Description	Designed in 1973, Flos reintroduces the suspended wall lamp, now in its original primary hues.

A multi-angle rotatable adjustable swing arm wall lamp. The lamp head—which rotates 360 degrees so it can be aimed in any direction—provides a clean, direct light.

There is an on/off switch on the socket holder and a plug-in power cord measuring 80 inches.

Rizzatto's original design linked each element of the 265 with a primary color according to its function: The hat, the most important element, was red. The weight was yellow. The connecting arm was blue.

### Electrical

Voltage	120
IP Rating	IP20

### Physical
