

Loto

SMALL TABLES

2006

Antonio Citterio

Description

Oriental inspiration for the Loto coffee tables and ottoman, sophisticated accessories that lend themselves to living in different environments. Characterized by the circular volume lightened by the peripheral frame of curved solid staves, they are available in solid wood in various finishes or painted with shellac effect. The Loto range of oriental-inspired small/night tables is enriched with a new, taller size, designed to accompany a high mattress. The latest addition retains the distinctive feature of the curved staves that lighten its frame, but also presents a new characteristic: it can be combined with a tray that fits perfectly on the tabletop, ideal for serving breakfast in bed or a cocktail on the sofa. All the pieces in the Loto range are made of solid wood and are available in various finishes or painted with a shellac effect. The tray is available in grey, brushed light and brushed black oak variants or shellac.
