## TAO dining table

DESIGNER  
MONICA ARMANI

ART N°  
01666

### MATERIALS

- Lightened concrete is a mix of mineral granulates and organic fibres without resins. Unlike ordinary concrete, it doesn't contain gravel which makes it a lot lighter. The lightened concrete is coloured in the mass, with a subtle variation of shades, unique to every table. Each furniture piece is hand-finished by an Italian craftsman, giving it a unique patina and a smooth surface texture.
